Mr. Latimer said that he would like to have a public statement from CIA denying the press allegation of CIA support to the Sandanista guerrillas in Nicaragua. After checking with [redacted] O/PA/DCI, I told Mr. Latimer that it is Agency policy not to make public statements on this sort of allegation and that was the reason why I had couched the original statement to him in terms of Committee findings that there was no truth to the allegation. Mr. Latimer said that this was fine.

I explained to Eisenhower the purpose of the request, i.e., that we were attempting to locate possible subjects of the MKULTRA program and thought this summary might be of assistance. Eisenhower said before the Committee would show it to the Agency they would have to have Dr. Abramson's approval. I suggested an alternative of Committee staff reviewing the summary and telling us any information which might help us find any of these people. Eisenhower agreed to this approach. 25X1
